

## PSEA Organizing Efforts

After review of PSEA's history and future projections the PSEA Corporate Board has established that PSEA should begin organizing as many local police departments as possible throughout Alaska. It is the long-term goal of the Association to gather all law enforcement employees under one "umbrella". We believe this will provide a broader base of power and influence for the Association collectively and for locally organized units. The concerns of all Alaska law enforcement personnel are essentially the same and we each bring a great deal of influence to bear on each other. We seek to gain power and influence to bargain more effectively and insure excellent work conditions, pay, benefits, and professionalism for all Alaska law enforcement. To this end PSEA has prepared a presentation booklet as a source of information to our members and non-affiliated/non-represented employees. [Click here to view, download, and print the booklet.](#) Please use and distribute the information freely to encourage others to join PSEA. Thank you.
